

# Medical Mission to Pakistan

July 2006

Before

After

On behalf of The House of Charity,  
the children and their families that we have helped. I would like to  
thank you for your continued support.

The House of Charity had a direct effect  
on the lives and welfare of indigent children in Pakistan.  
Our mission to Pakistan was indeed a success and of immense benefit  
to the local population. **In addition to workshops for healthcare  
professionals, we performed 106 surgeries for Burn Revisions  
and Cleft Lip and Cleft Palate.**

. Many lives were saved and many more disability was prevented.  
From handing out toys to the young patients,  
to performing life changing surgeries, The House of Charity did  
everything possible to help these underprivileged children, who would  
otherwise never receive care.

Each patient the House of Charity touched had a story,  
filled with the tragedy of a deformity and a hope of a new life.  
Their smiles were our reward.

Children from all around the world  
Come to us in need of help  
Beautiful children scarred by their pasts  
With no one to give them what they  
needed most. Tender Loving Care!

Where once were frowns, Now are smiles  
Eyes that previously held tears  
Now contain nothing but JOY.

A helping hand, a willing heart,  
Sometimes that's all it takes-  
A simple gesture on someone's part,  
But what a difference it makes.

Thank you for being part of our mission!
